ISSUE

Shall the Board direct the Second Reading of Ordinance No. 2019-01 by Title pursuant to ORS 198.540 and ORS 267.150, change the implementation date for the youth fare from July 1 to June 1, 2019 in Ordinance 2019-01, and adopt Ordinance No. 2019-01 with an effective date of June 1, 2019?

BACKGROUND AND FINDINGS

The last fare change for the District occurred in January 2015 with the adoption of Ordinance 2014-02 by the Board on October 23, 2014.

On November 1, 2018, Cherriots submitted its application to the Oregon Department of Transportation (ODOT) for the new Statewide Transportation Improvement Fund (STIF) formula funds. These new grant funds will provide for weekend, extended weekday, evening, and holiday service on Cherriots Local buses; and Saturday and holiday service on Cherriots Regional buses.

STIF funds will also be used to provide a new youth fare. This new fare category will satisfy a requirement of the STIF program, which states that at least one percent of the funds shall be used to improve transportation for students in grades nine through twelve. The District's STIF grant application recommends over two percent of the funds be dedicated to the proposed youth fare program in Fiscal Years 2020 and 2021.

Copies of the proposed fare table are provided in the Ordinance (Attachment A). Oregon statutes governing fare changes are provided as a reference in Attachment B. A full analysis of the fare change decision-making process is included in the 2018 Fares Analysis Report in Attachment C. The proposed changes in the youth fare categories are shown below in Table 1.

BD | 1

| Category | Current | Proposed |
|--|--------------|--------------|
| | Reduced Fare | Youth Fare |
| Cherriots Local one ride youth (6-18) | \$0.80 | \$0.50 |
| Cherriots Local day pass youth (6-18) | \$1.50 | \$1.00 |
| Cherriots Local 30-day pass youth (6-18) | \$22.50 | \$10.00 |
| Cherriots Local annual pass youth (6-18) | \$270.00 | \$120.00 |
| Summer Youth pass (6-18) | \$40.00 | Discontinued |
| Cherriots Regional one ride youth (6-18) | \$1.50 | \$1.00 |
| Cherriots Regional day pass youth (6-18) | \$3.00 | \$2.00 |
| Cherriots Regional month pass youth (6-18) | \$30.00 | \$20.00 |

 Table 1. Proposed Youth Fares (effective June 1, 2019)

One change from the proposal that the Board considered at the First Reading of the Fare Ordinance was the implementation date of the youth fare from July 1, 2019 to June 1, 2019. Staff recommended this change due to the discontinuation of the Summer Youth pass. The cost savings incurred from not producing the pass in 2019 would help offset the revenue shortfall from implementing the entire new Youth Fare one month earlier.

A public notice of the fare ordinance proposal (**Attachment D**) was published in the *Statesman Journal* newspaper on January 18, 2019; and on the Cherriots website (cherriots.org) in both Spanish and English on January 17, 2019 with links to the board reports in the agenda packets for the January 14, 2019 Board work session and January 24, 2019 Board meeting and public hearing. There was also an article in the *SalemReporter* and in the February issue of Cherriots' newsletter which was sent to the District's email distribution list.

The Board conducted the First Reading of Ordinance #2019-01 by Title at its January 24, 2019 Board meeting. With the Second Reading of the proposed ordinance by Title, the Board shall receive and consider all citizens testimony from the Public Hearing before making a final decision on the fares, fare levels, and effective date. All comments received in writing by email or U.S. Postal Service mail by February 11, 2019 are included in **Attachment E**. Other comments received by the deadline (12:00 p.m. on February 28, 2019) will be included in a supplemental attachment (**Attachment F**). The changes in the ordinance are proposed to take effect on June 1, 2019.

FINANCIAL IMPACT

Based on the 2016 Rider Survey where 19.9 percent of Cherriots Local riders were ages 6-18, the revenue loss to the District to implement the youth fares in Table 1 is estimated at approximately \$136,813 per year. For Cherriots Regional, 8.8 percent of riders were ages 6-18 in the survey. This implies an annual revenue loss of \$2,242 for

Cherriots Regional riders. This is \$11,588 per month, combining Local and Regional. There is a savings of \$1,800 per year for not producing and marketing the Summer Youth pass. It is unknown how many youths would purchase this in future years, but in 2018, 210 passes were sold, which totals \$8,400. The net loss, assuming the same 210 youths would purchase three 30-day youth passes in the summer, for implementing the new youth fare one month early is \$11,888. These net losses in passenger-paid revenues will be included in the FY2019-20 Proposed Budget in the General Fund and the Transportation Programs Fund. An equal amount of the STIF funds will be used to subsidize the anticipated lost revenues.

RECOMMENDATION

Staff recommends that the Board consider (1) changing the **effective** date for the youth fare to June 1, 2019 instead of July 1, 2019 as is currently stated in the Ordinance; the youth fare is less expensive than the Summer Youth Pass, and the Summer Youth Pass is proposed to be eliminated. (2) Direct the Second Reading of Ordinance 2019-01 by Title. The Board will then receive citizen testimony during the Public Hearing regarding proposed changes to the fare structure, rates, and effective date for transportation services pursuant to ORS 198.540 and ORS 267.150. When there is no more public testimony, the Public Hearing will be closed; and the Board will move into deliberation.

PROPOSED MOTIONS

I move that the Board direct the Second Reading of Ordinance 2019-01 by Title.

This is the Second Reading of Ordinance No. 2019-01 by Title: "Ordinance No. 2019-01: Repealing Ordinance No. 2014-02 and Establishing SAMTD Fare Categories and Rates; and Establishing an Effective Date"

President Krebs will ask for testimony during the Public Hearing; and when there is no testimony, he will close the Public Hearing and move into Deliberation.

I move that the Board adopt Ordinance 2019-01 <u>effective June 1, 2019 with a</u> change in the implementation date for the youth fare from July 1 to June 1, 2019.

4.0 TITLE VI EQUITY ANALYSIS

APPENDICES

A-1

1.0 Introduction

As part of the FY2006 budget process, the Board directed staff to evaluate fares every two years to assess the need for changes. This procedure was also recommended as a standard practice in the District's 2004 Strategic Business Plan. The last fare change occurred in January 2015, and subsequent analyses were delayed due to the expected influx of new operating funds beginning in 2019 from the Statewide Transportation Improvement Fund (STIF). It was determined in 2017 that an analysis should be postponed until 2018 when the enhanced service plan (the "A Better Cherriots" plan) is finalized and submitted to the Board's STIF Advisory Committee for review.

2.0 Proposal for July 2019 Fare Change

A proposal with five major goals was developed by staff and presented to the Board at the April 9, 2018 work session. Among other items, the Administrative Rules for this new funding call for transit agencies to *"fund the implementation of programs to reduce fares for public transportation in communities with a high percentage of Low Income Households."*

2.1 Proposal goals

The goals of the fare change proposal are as follows:

- 1. Simplify fare structure
- 2. Facilitate transfers between local and regional buses
- 3. Help families and low-income riders
- 4. Encourage youth to ride
- 5. Ensure fare structure is equitable

2.2 Public outreach

In turn, a survey was developed to ask the public their opinion of each proposed change and to hear their ideas about other desired changes. The proposal was presented to the public for three weeks in May and June 2018 with details in English and Spanish on the following website: cherriots.org/better. Surveys were also collected on paper in English and Spanish via in-person tabled events. Notices were placed at the following locations:

- Posters on all Cherriots Local buses
- Take-one flyers on all Cherriots Local and Regional buses
- Monitor ads on the Downtown Transit Center departure screens
- Stop notices at all Cherriots Regional bus stops
- Advertising on the front page of cherriots.org

• Social media posts (Twitter and Facebook)

Seven in-person events were held to solicit participation in the survey. Table 1 below shows the date, time, and location of each:

2.3 Existing versus Proposed Fare Structure

The existing fare structure has not changed since January 2015. The existing fares are summarized in Figure 1 below.

Figure 1. Current Cherriots fare structure (June 2018)

The original proposal for a new fare structure, beginning in July 2019, is summarized in Figure 2. No changes to the Cherriots Local system fares are proposed with this proposal.

2.4 Survey Results

In total, 592 surveys were received (141 paper copies and 451 online), which is a good response rate considering the non-controversial nature of the survey and how only one fare category is proposed to increase. The following are results of each survey question:

2.4.1 Survey question #1

The first question on the fare survey asked people about the proposal to make lowincome a qualification for being able to ride by paying only a reduced fare on all Cherriots services. Figure 3 below shows the survey results for question #1:

Figure 3. Question #1: "How do you feel about the proposal to allow low-income households who qualify for selected social service programs (exact programs to be determined at a later date) to qualify for reduced fares on all Cherriots Local and Regional buses?"

An overwhelming majority of respondents approved of the idea of including lowincome as a qualification for reduced fares with 90.9 percent saying they either strongly liked or somewhat liked the proposal. This is likely due to the fact that at least two-thirds of existing riders would qualify for the reduced fare based on income.

2.4.2 Survey question #2

The second question asked people about the plan to simplify fares for the Cherriots Regional system. Figure 4 below shows the resultant response:

Figure 4. Question #2: How do you feel about the proposal to make the fares for Route 1X and other Cherriots Regional routes the same (\$2.50 for adults)? This would mean a reduction in the price for Route 1X and an increase for Routes 10X, 20X, 30X, 40X, 50X and the Polk County Flex.

Again, a large majority of respondents approved of the idea of simplifying fares on the Cherriots Regional services with 70.0 percent saying they either strongly liked or somewhat liked the proposal. There were 3.7 percent that strongly disliked the proposed fare simplification. Those were likely the people who only ride Routes 10X, 20X, 30X, 40X, or 50X, and never transfer to other services; neither would they qualify for the low-income fare category. A large number of respondents were neutral on the subject most likely due to the fact that they never ride the regional buses.

2.4.3 Survey question #3

The third survey question asked people if they would favor creating a universal day pass for \$5.00, which could be used on all Cherriots services for one day. Figure 5 shows the results.

Figure 5. Question #3: How do you feel about creating a universal day pass for \$5 (adults) good on all Cherriots Local and Regional buses (including Route 1X), and lowering the price for the universal month pass from \$85 (for adults) to \$75?

Again, most people (83.8 percent) responding to the survey said they either strongly like or somewhat like the proposal. A small number who strongly disliked the proposed change are riders who only ride Routes 10X, 20X, 30X, 40X, or 50X and buy a monthly pass today for only \$60. The increase to \$75 was unacceptable to them because they wouldn't transfer to the Cherriots Local routes or Route 1X. However, looking at pass sales in the Customer Service Lobby at the Downtown Transit Center, most people riding the 10X, 20X, 30X, 40X, and 50X do not buy the Regional only month pass, they purchase the universal month pass, because they ride on Cherriots Local or 1X buses in addition to the 10X, 20X, 30X, 40X, or 50X.

2.4.4 Survey question #4

The fourth question asked people about making the fare free for children 0-11 and middle and high school students who have a valid student ID. The results are displayed in Figure 6. below.

Figure 6. Question #4: Cherriots is proposing to make it free to ride for children ages 0-11, middle school, and high school students (including home-schooled children)... How do you feel about this proposal?

86.6 percent of respondents approved of this idea to make it easier for youth and families to ride together. Those who disliked the proposal said that the kids should continue to pay the reduced fare in order to reduce unpunished vagrancies committed on the bus by youths.

2.4.5 Survey question #5

The fifth question asked people about creating a month pass for Cherriots LIFT customers. This pass would be valid for a whole calendar month and would allow unlimited rides on Cherriots LIFT, Regional, and Local buses. Figure 7 below shows the responses to this question:

Figure 7. Question #5: How do you feel about the proposal to create a monthly universal pass for Cherriots LIFT customers, which would be good on all Cherriots LIFT, Local, and Regional buses for \$90/month?

A large majority (73.5%) of respondents approved of the idea of creating a month pass for Cherriots LIFT customers. The reason behind the proposed pass is to offer people who are eligible for ADA paratransit the same benefit fixed-route bus customers get from having a monthly pass. Although not required by the ADA or FTA, it closes an equity issue in the family of Cherriots services.

2.4.6 Survey question #6

The sixth question asked people to rank the previous five fare strategies in order of preference so if one had to be funded before another, the Board would have some direction on rider preference. Figure 8 shows the results below:

Figure 8. Question #6: Please rank the strategies in questions 1 through 5 above, with 1 as your most important and 5 as your least important.

Survey respondents preferred the low-income fare first (score of 3.83), followed by the free youth fares (3.30), then establishing a universal day pass (2.96), then simplifying the Cherriots Regional fare structure (2.68), and lastly establishing a month pass for Cherriots LIFT customers (2.33). If funding were short, the programs with the lowest scores could be considered first, but the effect on the budget would also have to be taken into consideration.

2.4.7 Survey question #7

This question was an opportunity for people to write whatever comments they had regarding the fare change proposal. All of the comments were read and summarized in a spreadsheet provided in Appendix D. The following bulleted list summarizes the comments into major categories followed by the detailed comments, in order of frequency. Comments with only a single occurrence are excluded; the number of comments received appears in parentheses after each:

- Cheaper fares needed (50)
 - Reduced or free fare needed for college students too (15)
 - Cheaper monthly passes requested (5)
 - Cheaper for low-income families (3)
 - Cheaper for disabled riders (3)
 - Cheaper than proposed for all categories (2)
 - Free for everyone (2)
 - o Cheaper annual pass (2)
 - Free for low-income people instead of reduced (2)
 - Free for seniors over 80 years old (2)
 - Cheaper adult day pass (2)
 - Lower all fares to minimize complexity (2)
 - Change senior age cutoff to 55+ rather than 60+ (2)
- Service suggestions (46)
 - o 7-day service needed (23)
 - Extended evenings needed (9)
 - Expand coverage in West Salem (2)
 - Improve frequency to increase ridership (attract non-riders) (2)
- Technology requests (15)
 - Implement efare technology (12)
 - Smartcards with money loaded on them (2)
- No free youth fares (13)
 - Middle & High School students can pay reduced fare (4)
 - Youth should pay unless low-income (3)
- Cherriots LIFT month pass too expensive (8)
- Even increments desired (6)
 - Increments of 25 cents better than current system, which requires nickels and dimes (5)
- On-board experience suggestions (5)
 - o Zero tolerance for misbehavior
- Ticket books requested (3)
 - One-ride tickets should be available (2)
- Route 1X suggestions (3)
- Bring back paper transfers with time limits (3)
- Have a weekly pass option (3)
- 30-day pass is actually a 22-day pass (2)
- Low income and free youth fares will take away service from the rest of the riders (2)
- Safety a high priority (2)

2.4.8 Survey questions #8 - 14

The end of the survey included some optional questions to find out if they ride often or not, gauge whether we were reaching riders on all services, and ask whether they live inside or outside of the Salem-Keizer urbanized area. Question 8 asked how often they ride. Question 9 listed all of the routes offered and let people check the ones they have used. Questions 10-13 asked their name, email, and phone number, and #14 asked whether they live inside or outside the Salem-Keizer area. Figures 9 – 11 show the results from these optional questions:

Figure 9. Question #8: Generally, how often do you ride the bus?

3.0 Data analysis and proposal revisions

The survey data presents the opportunity to weigh costs and benefits of each of the five proposed changes proposed for July 2019. The following section discusses these costs and risks, and makes recommendations for any revisions to the proposal that will go to the Cherriots Board for approval.

3.1 Costs of letting low-income individuals qualify for reduced fares

According to the rider survey completed in 2016, about three quarters of adult fare riders are living at or below 200% of the Federal Poverty Level (FPL). Looking at the fare income received in fiscal year 2016, and assuming that 100% of those eligible would pay the reduced fare instead of a full fare, this implies that the District would have to supplement approximately \$449,000 in Statewide Transportation Improvement Fund (STIF) dollars for lost fare revenue each year.

This program would rely on existing social benefit programs in order to validate a customer's income. The programs displayed in Table 2 below are proposed for income proof:

| | 0) (| 2018 Oregon household income for a | 2018 Oregon household income for a |

Table 2. Qualifying programs that validate a person as having a low income

Customers would come in to Customer Service at the Downtown Transit Center and present a form of personal identification and proof that they receive benefits from one of the above programs. Program cards such as SNAP or EBT cards that do not have the person's name on them will not be accepted. Acceptance letters from the sponsoring organization must be provided in these cases. The Customer Service Representative would then issue them a reduced fare card in order for the drivers to know that they should allow them to pay only the reduced fare. This is the same card that disabled, seniors over 60, and Medicare card holders receive and does not identify them as a low income person.

3.1.1 Low-Income Fare Determination

In October, 2018, it was determined that the costs of implementing a low-income fare were too great in order to begin such a program in 2019, especially with the uncertainty of the STIF allocation dollar amounts. This fact was presented to the STIF Advisory Committee, which agreed that beginning the program should wait until the STIF formula allocation is better known.

3.2 Costs of regional fare simplification

Standardizing Cherriots Regional fares would simplify the fare structure and make it easier to communicate the cost to ride on a Cherriots Regional bus to customers. This will mean lower fares for Route 1X adult paying customers, but adults riding the contracted regional routes (10X, 20X, 30X, 40X, 50X, and Polk County Flex) who do not qualify for a reduced fare will pay a slightly higher fare (\$2.50 instead of \$2.25). The justification for this higher fare is that riders will be getting a higher level of service beginning in September 2019 with the service enhancements made as part of the A Better Cherriots changes. This will likely include Saturday service and an increased number of daily round trips on some regional routes.

As part of the simplification, reduced cash fares would be lowered to be a true half fare, where today the reduced fare is 67% of the adult fare. A combination of these changes for contracted regional and Route 1X fares would have a negative impact of \$7,415 per year. This would be partially offset by the establishment of the universal day and month passes as described in Section 3.3 below.

3.2.1 Regional Fare Simplification Determination

Simplifying the regional fare structure is highly desirable from a customer service standpoint, but the analysis required by the District's Title VI program shows that steps such as creating a universal day pass would disproportionately burden low-income riders. Without the option of a reduced fare where income could qualify a

rider for the lower fare, the District will not be able to provide a simpler fare structure for the regional system.

3.3 Cost of establishment of the universal day pass and lowering the cost of the universal month pass

Currently there is no day pass on Route 1X. The other regional routes have a day pass that costs \$4.50 (\$3 for reduced), but these day passes do not work on the 1X or on Cherriots Local routes. The day pass for Cherriots Local does not work on regional buses either. Riders would benefit from a fare product that allows them to ride on one pass for the entire day, no matter what service they ride.

Also, there is currently a universal month pass for \$85 (\$42.50 for reduced) that works on all Cherriots routes. There is also a month pass that only works on contracted regional routes for \$60 (\$30 for reduced).

Replacing the day pass of the contracted regional routes with a universal day pass at a low cost of \$5 (\$2.50 for reduced) would increase the mobility options for users who ride two or more of the three fixed-route Cherriots systems (Cherriots Local, Cherriots Regional, and Route 1X). People ineligible for the reduced fare would see an increase in the cost of a monthly pass from \$60 to \$75, but they would also get access to the entire system. To demonstrate the added value to this expansion of access, one could say that a person using a universal month pass has access to approximately seven times more bus service if one compares the Cherriots Local system revenue hours to the Cherriots Regional system. Even if a person who rides daily on Cherriots Regional buses only rides Local and Regional services five times in a month, it would be more economical to purchase the universal month pass when compared to the old Regional month pass plus five day passes on Cherriots Local. This makes this option very attractive to a large number of Cherriots Regional customers.

The projected annual cost to implement the universal day pass (\$5 for adults, \$2.50 for reduced) and lower the cost of the universal month pass (from \$85 to \$75 for adults) is a gain of revenue instead of a loss. This is due to the fact that more people purchase the contracted regional month passes than the universal month passes. The projected gain is \$2,503. Therefore, there is a net loss of \$4,912 due to the changes in Sections 3.2 and 3.3 (fare simplification and establishment of the universal day pass and lowering the cost of the universal month pass).

3.3.1 Universal day pass and lowering the cost of the universal month pass Determination

3.4 Cost and concerns of offering free youth rides

Currently large families have to spend a lot of money to ride on transit together. Children ride for free through age five, but after that they need a youth fare to ride. When a family has multiple children, the cost to ride can add up quickly and make driving seem much more cost-effective. The cost of the fares is especially burdensome for low-income families.

Additionally, it is costly for middle and high school students to ride the bus. The State of Oregon used to fund a program to give free bus passes to these students. When that program was discontinued in 2011, the drop in ridership Cherriots experienced was higher than the drop we saw when we eliminated Saturday service in 2009.

The strategy proposed to the public included free rides for all children ages 0-11 and middle and high school students who display a valid student ID to the driver. Reasons provided that support this change include:

- Making trips free for children 11 and younger would reduce the burden experienced by low-income families.
- Bringing back the middle and high school student bus pass program would give students access to school, before and after school activities, summer programs, and employment.
- Both programs would lead to more people riding the bus at a younger age, making it more likely they would ride as adults—and helping more riders in the community see the value of transit firsthand.

Disadvantages of letting youth ride for free were heard in the public outreach conducted in May and June 2018. People are concerned that youth will not be disciplined if they don't follow the rules of riding the bus. Another concern is that vagrancy of youth could convince good behaving riders (including youth) that the ride isn't safe and they will seek other options, lowering ridership. These are valid concerns, but not anything that could not be monitored and addressed through education and enforcement campaigns.

Overcrowding of buses around the times when schools let out could also happen, but this could be solved by providing overload "trippers" that are added on when needed.

The cost of providing a free youth pass is estimated at \$393,000 per year. However, if the goal of Cherriots is to increase ridership, this is a very easy way to accomplish this.

3.4.1 Free youth Ride Determination

The Cherriots Board weighed in to the idea of a free youth program at the October 8, 2018 Board Work Session. There, they voiced a desire to help youths have cheaper fares, but also voiced concerns for the concept of a free pass for all youth ages 0-18. Therefore, the final proposal was developed to provide a discount to youth ages 6-18, even lower than the reduced pass rate. This would help all families and make it easier for youth to get around via transit. The one-ride youth fare on Cherriots Local would be 50 cents, a day pass would cost \$1.00, and a 30-day pass would be only \$10.00 (compared to the reduced fare which would be 80 cents for one ride, \$1.50 for the day pass, and \$22.50 for a 30-day pass). Cherriots Regional youth fares would be \$1.00 for one-ride, \$2.00 for a day pass, and \$20 for a thirty-day pass (compared to the reduced fare of \$1.50 for one-ride, \$3.00 day pass, and \$30 day pass). The cost of implementing this youth program for Cherriots Local and Regional combined is estimated at \$139,055.

3.5 Costs and Risk of Cherriots LIFT month pass

Establishing a month pass for Cherriots LIFT customers was widely accepted as a good idea in the public outreach responses. Some people said that the proposed cost of \$90 per month was too expensive for riders. This product was proposed to close the gap of a potential equity issue when comparing complementary paratransit riders to Cherriots Local riders. However, this is not a product required by the Americans with Disabilities Act (ADA) or the FTA. Also, all other transit agencies in Oregon (other than TriMet) do not offer a monthly LIFT pass.

There is a high level of risk associated with establishing such a program because it is very difficult to estimate how many people would utilize the LIFT month pass. If more people decide to book trips more often, it could translate into higher operating costs (more vehicles and drivers needed in peak periods). Since the cost to the District to provide a one ride trip on Cherriots LIFT is over \$35, Cherriots should not do anything to increase the likelihood that ridership would increase. Therefore, the proposal to create a monthly Cherriots LIFT pass is recommended to be dropped. Fares would remain as-is at \$3.20 for one ride.

3.6 Final Proposal

As a result of the public comments received on the fare change survey, the Title VI fare equity analysis, and comments from the Board at the October Work Session, three changes from the original proposal are being proposed. First, instead of a low-income fare category, more service will be put on the road in Salem and Keizer for all customers. Since the base fares for Cherriots Local services are not changing, lowincome residents are receiving more value for their 30-day passes. Cash and day-pass customers have the increased opportunity to ride during the late evening hours (10-11pm) and on weekends and holidays. Additionally, the creation of a youth fare will provide relief to low income families by significantly reducing the cost of fares for their children.

Second, instead of offering a free youth pass for children and teens ages 0-18, more service will be provided in the Cherriots service areas and a new youth fare category will be instituted. This will make riding the bus more affordable for youth riders, especially the high school students who rely on the bus more than any other group in this category.

Third, because of the potential disproportionate burdens placed on low-income riders of Cherriots Regional services, the regional fare simplification proposal will be dropped. Only until the District can provide reduced fares for low-income individuals will it be possible under the current Disproportionate Burden for Fare Changes policy to raise the cash and month fares on the contracted regional buses. Also, the newly defined universal day pass will not be instituted without a low-income category for the reduced fare. The equity analysis also shows a possible disproportionate burden for that increase as well. Moreover, the fare survey data for the Cherriots Regional system does not represent a dataset with a confidence interval to the 95 percent confidence interval, which is called for in the current Title VI policies. Therefore, the contracted regional and Route 1X fares will remain the same.

Finally, the last change from the original proposal will be that there will not be a Cherriots LIFT month pass offered. This option was survey respondents' last priority, and there is significant risk that the Cherriots LIFT service would have to be expanded due to an increase of trips by current customers.

4.0 Title VI equity analysis

In compliance with the adopted Cherriots Title VI Program and its associated policies 710 through 712, an analysis of the fare change as it relates to any potential disparate impacts to minorities and potential disproportionate burdens to low-income people must be made. Due to the fact that all fares are proposed to either stay the same or decrease, most riders will be benefiting from this change.

The fare equity analysis showed that there could be disparate impacts to minorities and disproportionate burdens for low income individuals with two of the fare change proposals. First, the idea of simplifying the Cherriots Regional system would mean that riders on Route 1X buses would see a drop in the adult cash fare by 50 cents, but the contracted regional routes (10X, 20X, 30X, 40X, and 50X) would see an increase of 25 cents. Since there are many more minorities and low income people on the contracted regional routes, the analysis showed a potential disparate impact and disproportionate burden to the riders who would see an increase in fare. Per District Policies 711 (Disparate Impact for Fare Changes) and 712 (Disproportionate Burden for Fare Changes), these potential adverse effects must be either avoided, minimized, mitigated, or justified. To avoid the potential impacts and burdens, staff has decided to drop the proposal at this time.

Another issue found during this process is that the data set for the contracted regional routes from the rider survey in 2016 did not meet the requirement of statistical significance to the 95 percent confidence level (per policies 711 and 712). Staff has decided to avoid the impacts entirely by dropping the proposal for simplifying the regional fare structure at this time. Another survey will be taken in 2019, in which it is hoped to collect more surveys from the current contracted regional riders. After obtaining more data, the decision could be made within the constraints of policies 711 and 712.

Therefore, given the available data and the established methodology for evaluating equity of the proposed fare changes, the analysis shows that with the revised proposal all proposed changes for all fare categories have no potential disparate impacts to minorities and no potential disproportionate burdens for low-income individuals. The resulting table is provided as Appendix D for inspection.

Appendix A. History of Cherriots Fares

The history of the last twenty years of Cherriots' fare changes adds context to the discussion. The following contains the history and background:

On September 25, 1998, the Board of Directors adopted Ordinance No. 97-01, to establish rate categories to impose fares or other user fees for the District's transportation services. By resolution, fares were increased five times since 1995. The base fare changes are listed below:

- from 75 cents to 85 cents in 2005
- from 85 cents to \$1.00 in 2006
- from \$1.00 to \$1.25 in 2008
- from \$1.25 to \$1.50 in 2010
- from \$1.50 to \$1.60 in January 2015

As part of the FY2006 budget process, the Board directed staff to evaluate fares every two years to assess the need for changes. This procedure was also recommended as a standard practice in the District's 2004 Strategic Business Plan. On February 23, 2012, the Board declared an emergency to supersede Ordinance No. 10-01 with the adoption of Ordinance No. 12-01 to implement an experimental change in youth fares for the purpose of increasing ridership. A temporary reduction in youth monthly and day passes was implemented for the period March - August 2012.

On August 23, 2102, the Board adopted Ordinance No. 2012-02 repealing Ordinance No. 2012-01 and reduced the number of fare options to simplify the fare structure to make it easier for customers to use and understand; and eliminated the youth fare category and charged youth fares at the same rate as reduced fares for seniors and people with disabilities.

The current fares were established with Ordinance 14-02 adopted by the Board on September 25, 2014.

CHERRIOTS

A BETTER CHERRIOTS – FARE PROPOSAL JULY 2019 FEEDBACK FORM

With the passage of Oregon House Bill 2017 (HB 2017), Cherriots will be getting more resources in 2019 to provide a major expansion in service and address other longstanding needs. We have proposals for changes to fares beginning in July 2019. Please review the proposal at **Cherriots.org/better** and make your voice heard using this form.

First strategy: make it cheaper for low-income people to ride local and regional buses

Many low-income people struggle to find the money to ride the bus. The new State Transportation Improvement Fund (STIF) funding requires transit agencies to offer options for low-income households. Cherriots is proposing to add an additional qualification of "low-income household" as a qualification for a reduced fare.

1. How do you feel about the proposal to allow low-income households who qualify for selected social service programs (exact programs to be determined at a later date) to qualify for reduced fares on all Cherriots Local and Regional buses?
□ Strongly Like □ Somewhat Like □ Neutral □ Somewhat Dislike

□ Strongly Like □ Somewhat Like □ Neutral □ Somew □ Strongly Dislike □ Unsure

Second strategy: simplify the fare structure

2. The current fare structure for Cherriots Regional routes is complicated. Cherriots is proposing to simplify the fare structure by lowering the fare for Route 1X and raising fares for Routes 10X-50X and the Polk County Flex. [Note: adults qualifying for reduced fares based on income would ride one-way for \$1.25.]

How do you feel about the proposal to make the fares for Route 1X and other regional routes the same (\$2.50 for adults)? This would mean a reduction in the price for Route 1X* and an increase for Routes 10X-50X and the Polk County Flex?

[*Note: Route 1X buses are jointly operated by Cherriots and SMART, which have not yet finalized fare discussions.]

□ Strongly Like □ Somewhat Like □ Neutral □ Somewhat Dislike

□ Strongly Dislike □ Unsure

2018 Fares Analysis Report | B-1

Third strategy: encourage transfers between local and regional buses

3. It is quite costly with today's fares to ride two one-way trips on both Cherriots Local and Regional buses in a single day (\$7.70 combined for adults).

This makes it hard for people riding into Salem-Keizer from the rural cities to access jobs, medical, school, shopping, and recreational destinations. Cherriots is proposing to establish a universal day pass for \$5 (adults) good on all Cherriots Local and Regional buses (including Route 1X), and to lower the price for the universal month pass from \$85 (for adults) to \$75. How do you feel about this proposal? Strongly Like Somewhat Like Neutral Somewhat Dislike

Strongly Dislike Unsure

Fourth strategy: encourage youth and families to ride transit

4. Many families do not choose transit due to the high cost. Cherriots is proposing to make it free for children through age 11 and middle and high school students (including home-schooled kids) to ride for free. This will also provide a safe alternative for high school students who do not drive to get to school, jobs, shopping, and recreational activities. Youth ages 12-18 without a valid student ID card would pay the reduced fare.

Fifth strategy: make fares equitable for Cherriots LIFT customers

5. Cherriots LIFT customers currently do not have the option of a month pass, which can be very costly if they ride on a daily basis. In addition, some LIFT customers ride Cherriots Regional buses as well, which makes the cost even more. How do you feel about the proposal to create a monthly universal pass for Cherriots LIFT customers, which would be good on all Cherriots LIFT, Local, and Regional buses for \$90/month? FORMULARIO DE COMENTARIOS PARA "A BETTER CHERRIOTS" -PROPUESTA DE TARIFA PARA JULIO 2019

Cherriots no ha cambiado sus tarifas desde enero de 2015. Debido al nuevo dinero estatal aprobado el año pasado por House Bill 2017, Cherriots podrá mejorar el servicio a partir de septiembre de 2019 utilizando el nuevo Fondo Estatal de Mejoras de Transporte (STIF, por sus siglas en inglés). En **Cherriots.org/better** se pueden encontrar los detalles de los cambios en el servicio, así como la propuesta completa de cambios en las tarifas. Dado que los ingresos de tarifas son una parte integral de la ecuación para determinar cuánto servicio de autobús se puede proporcionar, Cherriots está solicitando comentarios a la comunidad antes de cambiar las tarifas en julio de 2019.

Primera estrategia: hacer que sea más barato para las personas de bajos ingresos viajar en autobuses de Cherriots Local y Cherriots Regional

Muchas personas de bajos ingresos luchan por obtener el dinero para viajar en el autobús. El nuevo financiamiento de STIF del Estado requiere que las agencias de transporte público ofrezcan opciones para los hogares de bajos ingresos. La siguiente figura muestra la calificación adicional de "hogar de bajos ingresos" como calificador para una tarifa reducida:

1. ¿Qué opina acerca de la propuesta de permitir que los hogares de bajos ingresos que califican para los programas de servicios sociales seleccionados (los programas exactos se determinen en una fecha posterior) califiquen para tarifas reducidas en todos los autobuses locales y regionales de Cherriots?

□ Me gusta mucho □ Me gusta parcialmente □ Neutral □ Me disgusta parcialmente

□ No me gusta para nada □ No estoy seguro

Segunda estrategia: simplificar la estructura de las tarifas

La estructura actual de tarifas para las rutas regionales de Cherriots es complicada. El siguiente diagrama muestra la propuesta para simplificar la estructura tarifaria al reducir la tarifa para la Ruta 1X y aumentar las tarifas para las Rutas 10X, 20X, 30X, 40X, 50X, y Polk County Flex. [Nota: los adultos que califiquen para tarifas reducidas basadas en los ingresos viajarían en un solo viaje por \$ 1,25.]

Actualmente:

Propuesto:

2. ¿Qué opina acerca de la propuesta de igualar las tarifas para la Ruta 1X y otras rutas de Cherriots Regional (\$ 2,50 para adultos)? Esto significaría una reducción en el precio de la Ruta 1X* y un aumento en las Rutas 10X, 20X, 30X, 40X, 50X, y Polk County Flex.

[*Nota: Los autobuses de la ruta 1X son operados conjuntamente por Cherriots y SMART, que aún no han finalizado las discusiones de tarifas].

□ Me gusta mucho □ Me gusta parcialmente □ Neutral □ Me disgusta parcialmente

□ No me gusta para nada □ No estoy seguro

Tercera estrategia: fomentar las transferencias entre los autobuses de Cherriots Local y Cherriots Regional

Es bastante costoso con las tarifas actuales viajar en dos viajes de ida en los autobuses de Cherriots Local y Cherriots Regionales en un solo día (\$ 7,70 combinados para adultos). Esto dificulta que las personas que viajan a Salem y Keizer desde las ciudades rurales accedan a empleos, centros médicos, escuelas, centros comerciales, y destinos recreativos. La siguiente figura muestra el cambio de las tarifas existentes a las tarifas propuestas:

Actualmente:

Cherriots Universal

PASE MENSUAL NORMAL \$85 REDUCIDO/ JUVENIL \$42.50

Propuesto:

3. ¿Qué opina sobre crear un pase universal de un día por \$ 5 (adultos) válido en todos los autobuses de Cherriots Local y Cherriots Regional (incluida la ruta 1X) y reduciendo el precio del pase universal mensual de \$ 85 (para adultos) a \$ 75?

□ Me gusta mucho □ Me gusta parcialmente □ Neutral □ Me disgusta parcialmente

□ No me gusta para nada □ No estoy seguro

Cuarta estrategia: alentar a los jóvenes y a las familias a viajar en transporte público

Muchas familias no eligen el transporte público debido al alto costo. Cherriots propone que sea gratuito para los niños viajen de hasta 11 años de edad, y para los estudiantes de escuela intermedia y secundaria (incluidos los niños que estudian en casa) que viajen gratis. Esto también proporcionará una alternativa segura para los estudiantes de secundaria que no conducen para llegar a la escuela, trabajos, centros comerciales, y actividades recreativas. Los jóvenes de entre 12 y 18 años de edad sin una tarjeta de

identificación de estudiante válida pagarían la tarifa reducida. El siguiente gráfico muestra las categorías de viajes de tarifas gratuitas o reducidas:

| Calificacion | ies de Descuento |
|--------------|---|
| Gratis | 0-11 años Secundaria/Preparatoria |
| Reduced | 12-18 años 60+ años Titulares de Medicare Discapacitados Bajos Recursos |

4. ¿Qué opina sobre esta propuesta?

□ Me gusta mucho □ Me gusta parcialmente □ Neutral □ Me disgusta parcialmente

□ No me gusta para nada □ No estoy seguro

Quinta estrategia: hacer las tarifas equitativas para los clientes de Cherriots LIFT

Los clientes de Cherriots LIFT actualmente no tienen la opción de un pase de un mes, lo que puede ser muy costoso si viajan diariamente. Además, algunos clientes de LIFT viajan en los autobuses de Cherriots Regional, lo que hace que el costo sea aún mayor. La siguiente figura muestra las tarifas actuales y propuestas para los clientes de LIFT:

Actualmente:

5. ¿Qué opina sobre la propuesta de crear un pase universal mensual para los clientes de Cherriots LIFT, que sería bueno para todos los autobuses Cherriots LIFT, locales, y regionales por \$ 90 al mes?

□ Me gusta mucho □ Me gusta parcialmente □ Neutral □ Me disgusta parcialmente

□ No me gusta para nada □ No estoy seguro

NOTICE OF ORDINANCE ADOPTION

NOTICE IS HEREBY GIVEN by the Salem Area Mass Transit District (SAMTD) Board of Directors, that the Board will consider public comment regarding the adoption of Ordinance 2019-01 to establish Fare Categories, Rates and Methods of Distribution to impose fares or other user fees for transportation services provided by SAMTD pursuant to ORS 198.540 and ORS 267.150. Ordinance 2019-01 will repeal Ordinance 14-02 adopted on October 23, 2014. The first reading of Ordinance 2019-01 takes place at the Board of Directors meeting on Thursday, January 24, 2019. The second reading of the Ordinance will take place at the Thursday, February 28, 2019 Board meeting. Both meetings begin at 6:30 p.m. at Courthouse Square in the Senator Hearing Room, 555 Court St NE. If adopted, Ordinance 2019-01 will take effect on June 1, 2019.

Copies of Ordinance 2019-01 may be obtained at the SAMTD administration office, 555 Court St NE, Suite 5230, Salem, OR 97301 between 8:00 a.m. and 5:00 p.m. Monday through Friday or from the Cherriots website at <u>www.cherriots.org</u>. Written comments regarding the proposed Ordinance will be accepted until 12:00 p.m., February 28, 2019 and can be emailed to <u>board@cherriots.org</u>, or mailed to the attention of the SAMTD Board of Directors. Please include your name and address for the record. Contact Person: Linda Galeazzi, Executive Assistant, phone 503-588-2424.

All written or verbal public comments regarding the proposed changes in Ordinance 2019-01 to the current fare ordinance 2014-02, shall be considered by the Board of Directors at the February 28, 2019 Board meeting prior to adoption of Ordinance 2019-01. Additional comments received by the deadline of 12:00 p.m., February 28, 2019, shall be provided in **Attachment F** at the Board meeting.

There were two verbal comments received by the Board at the January 24, 2019 Board meeting. A recap of their complete testimony has been recorded on CCTV Salem's YouTube channel, a link to which can be found at <u>cherriots.org/boardarchive</u>.

Tashiko Weinstein-Polson - Address on File

Ms. Weinstein-Polson is a student at Chemeketa Community College. She would like to see a lower fare added for college students.

Lloyd Chapman - Address on File

Mr. Chapman volunteers with the Salem for Refugees project. He shared his concern for low income people having enough money to pay for public transportation, and for those facing real hardship to pay all of their bills. Expanding the service will provide them more opportunities. He asked that the Board also consider options for lower fares that could be implemented sooner than two years.

Another comment was received via email. The full text follows:

Hello - My name is Michele. I have lived in Salem for 8 years now, most of that time I have had to use the bus system at least twice a week. I have also seen the lack of direction to keep everything current for each section of the population. I am sad to see that adults now have only three options, carrying exact change, a monthly pass or a yearly pass. There were other options 8 years ago and now those are gone. I don't need the last two options as they are too expensive for me. So I have to use exact change. A weekly pass would be great option. Yes I am fully aware that would mean an extra cost, and I know that it is unlikely that it will happen. A response on Facebook said there may be an electronic way to pay in the future. Part me is not too keen on that because I don't want to make purchases on my card under \$5. It starts to add up fast. If it's the only option in the future then so be it.

The mean reason I am writing is since I have moved here I have seen youth under 18 get free summer fares, and now the current funding is allowing reduced fares for them. I have asked on Facebook why there is so much need to help kids. The response is to

help adults with kids. Well that is near discrimination in a sense. What about those of us who do not have kids? Or the families who kids are over 18? Those groups are being left out, not considered at all. Most of the time I am on the bus I rarely see kids on the bus. Or one or two. So a majority of the riders I see are adults, who have to pay full price. Again I am aware that the current funding has to be geared towards the younger population. I am sad to the lack of other solutions for everyone. I would like to see other options to pay, other options besides the only three that are currently offered.

What kinds of changes for the whole community is being done? The last 8 years I have seen little progress. It's taken this long to get back to weekend service which still isn't in place yet. What I have read over the years is there is a lack of funding, or the voters are not up to funding. A lot of finger pointing, in my eyes. I understand other people in the community who do drive cars may not see the issues those of us that need the public transportation. I feel that when the voters had a chance to decide there was a lack of pushing from Cherriots to get all the information out ahead of time. I am also frustrated that I have seen people voice their opinions on articles, and social media and the same things are being said over and over. Its lack of funding or the restrictions is preventing changes. I see the same responses from Cherriots. I don't see how things are changing with the lack of information that comes out is the same or very limited. I don't see how deleting people's messages, telling us that things can't change without public support helps us riders. Why not have information out in other ways? Informational booths at fairs, or at the library, or at Saturday Market? I believe people who use the bus system is pretty up on the information, where as those who are not dependent on the bus are not. People are surprised to hear there's no weekend service, weird holidays where there's no service. They don't know, yet if they knew people that information could help get more awareness and help.

The feeling of the community is very disheartening and more of us do not see appropriate changes. I don't see changes for everyone who uses the bus, and more I don't like having to use it unless it's absolutely a must. I am sad that because the lack of direction is causing me to not use the bus. The lack of good response as a board, the lack of trying to help get the correct information out is awful. When I see people over and over again say the same things, to get the same lack of response, lack of change is very sad. I have seen other communities smaller than Salem have better public transportation, they're growing, and changing all the time. I don't understand why Salem, as the capital is falling further behind. I am frustrated I am not sure that even by writing this, things will be looked at, or if I will get the same old same old. It's sad that a large community like this has issues with public transportation. When I see new signs going up, the expense of that could have been used elsewhere.

| Vote: | Motion passed (Krebs, Evans, Kelley, Busch, Lincoln, Rodgers, Thompson) |

The First Reading of Ordinance 2019-01 was read by title, and President Krebs opened the Public Hearing at 6:43 p.m.

Tashiko Weinstein-Polson – Address on File

Ms. Weinstein-Polson is a student at Chemeketa Community College. She would like to see a lower fare added for college students.

Lloyd Chapman – Address on File

Mr. Chapman volunteers with the Salem for Refugees project. He shared his concern for low income folks and those facing real hardship to pay all of their bills. Expanding the service will provide them more opportunities. He asked that the Board also consider options for lower fares that could be implemented sooner than two years.

D. PUBLIC COMMENT

6:54 PM

Opportunity was given to citizens to testify on other Board business.

Leslie Polson - Address on File

Ms. Polson came to support her daughter. She spoke about scheduling connections to buses from other agencies so that the timing was better for riders traveling from Salem to catch the Canby Area Transit (CAT) bus to get to a TriMet bus, for example. It is stressful to riders to try to make those connections. She also spoke about the bus stop locations at Chemeketa Community College, especially when it's dark in the no shelter area; or at Bay E, where there is a shelter; the buses leave early or don't wait long enough to see that there are riders in the shelter waiting for the bus.

Mark Kavanagh - Address on File

Mr. Cavanaugh described the urgent service notices on the Cherriots website as "buried" and hard to find. He asked that the notices be more clearly visible and has also signed up for the text messages.

E. CONSENT CALENDAR

Motion: Moved to approve the Minutes of the December 12, 2019 Board meeting in the Consent Calendar with the correction noted.

Discussion: Director Evans noted corrections in the December 12 Board meeting minutes under the "Vote" for the Consent Calendar and Action Items. Director Evans did not attend this meeting, so the minutes should read "Motion passed (5) Krebs, Busch, Lincoln, *Evans*, <u>Kelley</u>, Rodgers" on pages 3, 4, and 5. The corrections were so noted.

Motion by: Director Steve Evans

Second: Director Marcia Kelley

^{Vote:} Motion passed (Krebs, Evans, Kelley, Busch, Lincoln, Rodgers, Thompson)

F. ITEMS DEFERRED FROM THE CONSENT CALENDAR

G. ACTION ITEMS

1. Adoption of 2019 Legislative Agenda

Staff report: Pages 69-74 in the agenda

Presenter: Allan Pollock, General Manager

Dale Penn II, CFM Strategic Communications

Mr. Pollock and Mr. Penn reviewed the District's federal and state grant requests and project descriptions in the proposed legislative agenda that were considered at the January 14 work session. Board members received a formal packet of information [on file] that will be used at the legislative session.

Motion:Moved to adopt the 2019 Legislative AgendaMotion by:Director Jerry ThompsonSecond:Director Kathy LincolnVote:Motion passed (Krebs, Evans, Kelley, Busch, Lincoln, Rodgers, Thompson)

H. INFORMATION ITEMS - None

I. GENERAL MANAGER'S REPORT

Mr. Pollock reported that he had just returned from an American Public Transportation Association (APTA) meeting and will include information about his trip in his weekly report to the Board. He said the Special Transportation Fund Advisory Committee will meet January 29 to receive presentations for the federal 5310 grant and STF funds. He announced that a Public Transportation Advisory Committee (PTAC) subcommittee advised PTAC of their recommendations for Statewide Transportation Improvement Fund (STIF) applications. PTAC will receive the recommendations to consider for

approval and then forward the applications to the Oregon Transportation Commission (OTC) for approval in April. The District's application was one of 18 that were approved and moved forward. Transit agencies will then begin to receive funding in the first two quarters this spring.

K. BOARD OF DIRECTORS REPORTS

Board members report, both verbally and in writing, on citizen communications, committee and meeting participation, and special projects they are involved in as a representative of the District.

Of note, President Krebs shared a report from the Morningside Neighborhood Association meeting about people jaywalking across a five-lanes of traffic to get to a bus stop rather than walking to the signal to cross the street. There was a suggestion to approach the City to find out if the bus stop could be moved closer to the crosswalk.

Director Busch announced that a memorial service for Gerald McGee is scheduled for February 2 from 1:00-5:00 p.m.

Director Rodgers announced that a new neighborhood association was being created in the JanRee/Hayesville area.

Director Lincoln attended a neighborhood association meeting and was voted in as one of the directors. She also spoke about her fascinating tour of the Del Webb Operations and Maintenance facilities.

Director Evans noted the corrections made in the December 12, 2018 minutes that will be corrected.

Director Kelley was aware there would be conversations about property taxes during the legislative session. She noted that the topic at Friday's Salem City Club meeting would be about taxes.

To when it will concern MAY I ASK FOR YOUR HELP IN MAKING ROUTE 23 MORE USEFULL TO MORE PEOPLE? THIS ROUTE HAS A CONSTANT RECORD OF BEING AMONG THE LOWEST RIDER COUNTS IN THE WHOLE DISTRICT, PER DAY AND PER HOUR. ROUTE 23 SHOULD EXTEND TO TRAVEL NORTH AND SOUTH ON 25thSTREET NE AND THE JOB AND BIZNESS CENTER THAT HAS OVER FIVE HUNDRED WORKERS IN THE DAYTIME. THIS COULD BECOME MORE USEFULL TO MORE PEOPLE WHEN IT HAS MORE BUS STOPS TO HELP MORE PEOPLE. ROUTE ELEVEN SHOULD NOT SERVE THE BIZNESS CENTER AT THE NORTH END OF 25th STREET. ROUTE THREE MUST NOT HAVE A ROUTE CHANGE TO TRAVEL ON 25th STREET. ROUTE 23 NEEDS A NEW STOP ADDED ALONG HAWTHORNE EAST OF FIR REST AND WEST OF 32nd STREET NE ALONG THE SIDEWALK FLAT SPOT. ANY PLAN TO EXTEND WOULD REDUCE IDLE TIME FOR THE BUS DOWNTOWN DURING OFF PEEK TIMES FOR ROUTE 23.

4.. DISCUSSION

a. Draft 2019 Legislative Agenda

Staff report: Pages 1-8 of the agenda.

Presenter:Dale Penn, SAMTD Legislative ConsultantAllan Pollock, General Manager

Mr. Pollock and Mr. Penn advised the Board of the proposed state and federal legislative agenda for 2019. Board members identified and discussed the District's federal and state legislative priorities and projects for annual appropriations and grant opportunities; and will take action at the January 24, 2019 Board meeting.

Federal funding requests included replacement of five compressed natural gas buses at \$2,100,000; construction of a regional transit center at \$7,600,000; an Intelligent

6:04 PM

Transportation System Project at \$500,000; and policy issues to support funding for the bus and bus facility program, and for the permanent extension of the Alternative Fuels Tax Credit.

Priorities considered in the proposed state level agenda included the implementation of HB 2017 and protecting the investment against efforts to reduce transit funding that resulted from the new statewide transit payroll tax; protecting Senior and Disabled funding against reductions; monitoring discussions around Senate Bill 10 passed in 2017, and working with the Governor's Office and Senators Courtney and Winters to implement the new Transit Governance. The District will also look for opportunities to convert existing business energy tax credits into Clean Fuels Credits to sell on the marketplace; monitor opportunities and discussions having to do with Electric Vehicles, Cap and Invest, Transit Safety, TNC (Uber/Lyft) Legislation, and the Volkswagen settlement. The Board also considered support of the Oregon Transit Associations' legislative priorities as particular bills work through the system.

In response to questions from the Board, Mr. Penn advised that the State-in-lieu funds are paid through the Department of Administrative Services; it is expected to continue. Mr. Pollock said it is 25% of the District's operational budget. Mr. Penn said that he and Mr. Pollock are being advised by the Governor's Office about the governance process. The Governors' appointments will need Senate confirmation. He and Mr. Pollock are also meeting with Senator Courtney's staff and could ask at that time if there is any interest in the State Employee Bus Pass Program. Mr. Penn explained that the Legislation Session begins today for 160 days and will involve lobbying, testifying, monitoring and advocating by the Board, Mr. Pollock and himself.

In response to questions asked about the CNG buses and the federal grant agreements, Mr. Pollock explained that the District's CNG buses that are beyond useful life, will go through the disposition process. The District also received news from ODOT on January 8, 2019 that federal grant agreements will be held back with the federal shutdown.

Follow-up: The Finance Department is reviewing whether there will be a potential impact to the District with the federal shutdown. More information about the governance process will be passed forward to the Board in the next few months.

b. Salem River Crossing

6:15 PM

Staff report:Pages 9-42 of the agendaPresenter:President Robert Krebs

Board members spoke from their perspectives about the Board's record with the Salem River Crossing project, and the recent meeting held by the SKATS Policy Committee on November 13, 2018 to take action on a draft letter to the Salem City Council. The letter was written to respond to the Land Use Board of Appeals' (LUBA) summary of actions that were required on remand of the City's UGB expansion decision (page 31-33 of the agenda), and to support the completion of the Salem River Crossing Final EIS. Director Lincoln testified and voted against sending the letter; however, the motion passed with six votes, one no vote, and one abstention.

Follow-up: The Salem City Council will meet January 30 in a work session to discuss next steps for the Salem River Crossing project to include potential action to complete the EIS and land use decision at their next regular city council meeting. Board members discussed having a position they agreed upon to bring to the table with alternatives they could offer as part of a solution; if the Council determines that they can go no further with the bridge.

c. Fare Policy

7:00 PM

7:10 PM

7:15 PM

Staff report:Pages 43-88 of the agendaPresenter:Chris French, Senior PlannerTed Stonecliffe, Transit Planner II

Mr. French and Mr. Stonecliffe reviewed revisions to the fare policy that will go before the Board in February and March for a first and second reading of Ordinance 2019-01 and public hearing prior to Board action. The summer youth pass would be eliminated and the youth fare lowered at the recommendation of the Statewide Transportation Improvement Fund Advisory Committee in October 2018.

Follow-up: Board members discussed marketing the youth passes in a more creative way and market them year round. These are 30-day passes that the youth will have more opportunity to use. One suggestion was to post a \$10 bus fare at all of the schools.

d. Service Enhancement Discussion – STIF Revenue Estimate

Staff report: Pages 89-92 of the agenda

Presenter: Allan Pollock, General Manager

Mr. Pollock reported on a State document that explains how the STIF money will be distributed. The District is fairly confident that the STIF Plan submitted by the District will be fully funded at the 100% level.

Follow-up: None at this time.

e. Board-Appointed Advisory Committees

Staff report: Pages 93-94 of the agenda

Presenter: Allan Pollock, General Manager

Mr. Pollock spoke about the process that will be used to keep the Board informed of activities of the Board's advisory committees. In addition, staff will review sections of each of the committee's bylaws so that they are consistent, as much as possible. A set of revised bylaws will be presented to the Board for adoption later in 2019. The committees affected will be the Budget Committee, Special Transportation Fund Advisory Committee

(STFAC), Citizens Advisory Committee (CAC) and Statewide Transportation Improvement Fund Advisory Committee (STIFAC).

Follow-up: Minutes from the advisory committees will be included in the Board's meeting agenda packets, and staff will prepare a set of talking points for the Board's liaison of each committee.

f. Continuation of Advertising Discussion

Staff report: Pages 95-96 of the agenda

Presenter: Allan Pollock, General Manager

Mr. Pollock advised that staff reviewed the advertising contract to find there were no provisions to distinguish between advertising placed on new or old buses.

g. MWVCOG Annual Meeting and Dinner

Staff report: Pages 97-99 of the agenda

Presenter: Allan Pollock, General Manager

The Mid-Willamette Valley Council of Governments has invited the Board to its Annual Meeting and Dinner on February 20, 2019 at the Keizer Civic Center. Reservations will be taken until February 8.

Follow-up: Board members who plan to attend the MWVCOG Annual Dinner will make arrangements with the executive assistant.

GENERAL MANAGER COMMENTS 5.

Staff report: Pages 99-104 of the agenda

Presenter: Allan Pollock, General Manager

Board members reviewed the draft agenda for the January 24, 2019 board meeting, the Board's calendar of scheduled meetings and events, and a draft of upcoming agenda items for Board review or action.

Mr. Pollock noted that the January 24th Board meeting had a light agenda. He noted that the Board will take action on the amended FY2018 budget at their February 28 Board meeting. The amended budget will be reviewed at the February 11 work session but it does not call for an additional Budget Committee meeting. He announced that there will be a Cherriots Job Fair in the Senator Hearing Room on January 31 until 7:00 p.m.

ISSUE

Shall the Board adopt Resolution #2019-02 to donate a surplus vehicle to the Northwest Hub?

BACKGROUND AND FINDINGS

The Northwest Hub is a 501(C) (3) not-for-profit full service bicycle shop, bike reclamation program and training center. Proceeds from the cycling center directly serve neighbors in need of transportation who "purchase" a bike through service to the community.

On January 16, 2019, Kirk Seyfert, Executive Director of Northwest HUB submitted a letter to the Board requesting the donation of a surplus vehicle. The vehicle would be used for further outreach and impact in Marion and Polk Counties. Specifically, they aim to expand the scale of free bicycle repair, bike and helmet distribution, bicycle safety and repair education to residents in need of alternative transportation assistance.

Currently vehicle 303 (Cherriots Regional service fleet) is designated as a surplus vehicle that meets the needs of the Northwest HUB. Mr. Seyfert did inspect this vehicle and concurs that this would be a useful vehicle for their needs.

Surplus vehicles are typically sold to other transit agencies, donated, or sold for scrap metal. When sold the District receives a nominal amount of revenue typically less than \$5,000. By donating this vehicle the nominal revenue would be forgone. However, the value of community goodwill and partnership would easily exceed the potential revenue loss.

Mr. Seyfert plans to attend the meeting and address any questions the Board may have. A copy of the request from Northwest Hub (dated January 16, 2019) is included as Attachment A.

FINANCIAL IMPACT

There is minimal impact to the FY19 Budget. Compared to alternate methods of vehicle disposal, forgone revenues could range from \$200 (scrap) to \$5000 (sale).

RECOMMENDATION

Staff recommends that the Board adopt Resolution #2001-02.

PROPOSED MOTION

I move that the Board adopt Resolution #2019-02 for the donation of a surplus vehicle to the Northwest HUB.

RESOLUTION NO. 2019-02

A RESOLUTION FOR THE DONATION OF A SURPLUS VEHICLE TO THE NORTHWEST HUB

WHEREAS, the Salem Area Mass Transit District ("District") pursuant to ORS 267.200 may dispose of real and personal property used for the purpose of mass transit services by the District; and

WHEREAS, the District wishes to dispose of vehicle #303, a 2009 Ford E-450, VIN #1FDFE45S59DA29718; and

WHEREAS, vehicle #303 is free and clear of any federal funding interest because it surpassed useful life in 2015; and

WHEREAS, the Northwest Hub, a not-for-profit has requested the donation of a surplus vehicle for a mobile repair service vehicle to underserved communities;

WHEREAS, the Northwest Hub has agreed to accept the vehicle "as is" and to modify its appearance to be distinguished from a Cherriots vehicle;

NOW, THEREFORE, BE IT RESOLVED BY THE BOARD OF DIRECTORS OF SALEM AREA MASS TRANSIT DISTRICT;

THAT, the Board of Directors adopts Resolution 2019-01 to donate a surplus vehicle to the Northwest HUB;

ADOPTED by the Board of Directors on the 28th day of February, 2019.

January 16, 2019

To: Cherriots Board of Directors 555 Court St. NE, Suite 5230 Salem, OR 97301

Dear Cherriots Board Members,

On behalf of the entire Northwest Hub Board, we would like to thank you and your staff for the opportunity to request the acquisition of a decommissioned vehicle to further our outreach and impact in Marion and Polk Counties. Our objective in obtaining a vehicle is to expand and improve the quality of outreach we provide in Marion and Polk County. Specifically, we aim to expand the scale of free bicycle repair, bike and helmet distribution, bicycle safety and repair education to residents in need of alternative transportation assistance. Currently our outreach efforts occur in collaboration with many community partners including Marion and Polk County Connect, CAPES, Open Streets, various Title One Schools, Open Streets Salem and many others (many of which you also generously partner and support).

Once again, we believe our missions align as we strive to offer a simple form of sustainable mobility that can be of benefit to many. Therefore, we are hopeful that you will partner with us by accepting our request for the donation of a decommissioned Cherry Lift vehicle. Said vehicle will help us to overcome the limitations and inefficiency of our tired Suburban and replace it with a vehicle capable of adequately transporting our crew and the materials needed to provide a widening range of services to Title One students and all residents in need of free bicycle repair, safety education, bicycle and helmet distribution.

With the help of Allan and Greg, who have generously guided us through this process, we have earmarked a vehicle that will help us expand our mobile repair services to underserved communities. We hope this donation and burgeoning partnership with Cherriots and the Hub will promote sustainable and reliable mobility options for all our neighbors. On behalf of the entire Hub Board, which approved this request for a decommissioned Cherry Lift donation on January 16th, I thank you for your consideration and look forward to hearing word of your decision.

With gratitude,

Kirk Seyfert, on behalf of the Northwest Hub Board of Directors Executive Director 503.507.4293

| Subject: | STF Advisory Committee Recommendation for Funding 2019-21 Biennium STF and Section 5310(ODOT) Grants |

ISSUE

Shall the Board accept the recommendation of the Special Transportation Fund Advisory Committee (STFAC) for funding the STF and Section 5310 (ODOT) grants for the 2019-21 biennium?

BACKGROUND AND FINDINGS

Salem Area Mass Transit District (SAMTD) is the Special Transportation Fund (STF) agency designated by Oregon State Statute to make recommendations for funding grant projects located in Marion and Polk Counties in accordance with ODOT's recommended grant application process. Every two years, the Oregon Department of Transportation (ODOT) releases applications for STF and federal Section 5310 (5310 (ODOT)) grants. These applications support transportation for seniors and people with disabilities in Marion and Polk Counties.

The STFAC is a Board-appointed committee that is responsible to review and rank the applications, and form recommendations for funding with each solicitation released by ODOT. The STFAC received eight applications for STF grant funds and seven applications for Section 5310 (ODOT) funds by the application deadline on January 15, 2019.

The STFAC Technical Advisory Committee (TAC) met in a public meeting on January 29, 2019 where the applicants gave presentations about their projects and answered questions from committee members. The TAC deliberated the merits of each project to

make their funding recommendations to the STFAC. The TAC consisted of eleven STFAC members, two members of the public, and one representative of the Mid-Willamette Valley Council of Governments.

The STF Advisory Committee met on February 12, 2019 to review the TAC recommendations for funding and considered public comment before voting on a final recommendation to present to the Board at their February 28 meeting.

As part of public comment Mr. Pollock addressed the priorities identified from the adopted Coordinated Plan for funding decisions. He also testified that the TAC recommendation was not made in alignment with those priorities. In addition he provided two funding proposals that aligned with the Coordinated Plan priorities for the committee's consideration.

The TAC recommendation funded lower ranked projects at the expense of funding higher ranked projects at the scaled requests shown in Attachment A. For example they reduced by \$29,000 the number two ranked project from its scaled request submitted by the City of Woodburn for Transit Operations in order to fund a fourth ranked STF project, the Falls City Direct Connect (FCDC) at half its scaled request as well as funding the sixth ranked project at its scaled request. Staff from the City of Woodburn testified at the STFAC meeting that they would have to cut existing service if it was not funded at the scaled request.

The STFAC asked what the implications would be if SAMTD did not receive the full amount of their scaled STF request. SAMTD staff responded that existing service would have to be reduced. An example of reduced service showed a reduction of the Polk County Flex service by approximately 13 percent.

The approval of the biennial STF and 5310 (ODOT) grant applications is crucial for maintaining vital services that serve seniors and people with disabilities in Marion and Polk counties. In their final recommendation, the STFAC chose to fund existing service in accordance with the Coordinated Plan priorities as opposed to endorsing the TAC recommendation. Existing services would be maintained at the scaled request or above, with the exceptions of the 5310 (ODOT) applications from SAMTD and the City of Woodburn.

The original amounts requested, scaled requests, and recommendations of the TAC and STFAC can be found in **Attachment A**. Requests for vehicle replacement were not recommended because the vehicles did not meet the mileage requirements set forth by ODOT for useful life of vehicles on the state price agreement.

FINANCIAL IMPACT

There is no financial impact to the current budget.

RECOMMENDATION

The STF Advisory Committee recommends that the 2019-21 biennium STF and 5310 (ODOT) grant applications be approved as shown in **Attachment A**.

PROPOSED MOTION

I move that the Board approve the STF Advisory Committee's recommendation for funding the 2019-21 biennium STF and 5310 (ODOT) grant applications as shown in Attachment A and authorize the General Manager to submit the applications in advance of ODOT's March 15, 2019 deadline.

| | |

ISSUE

Shall the Board adopt Resolution #2019-01 to amend the FY 2018-19 Budget that was adopted by Resolution #2018-06 on June 28, 2018?

BACKGROUND AND FINDINGS

At the time of preparation and adoption of the FY 2018-19 budget, House Bill 2017 had been passed, creating the Statewide Transportation Improvement Fund (STIF). However, the regulations and details of the program implementation were not finalized at the time of adoption; and estimates of revenues generated were in the early stages.

Due to these unknowns, staff elected to wait until the District had a clearer picture of the regulations and how funding would be distributed to Qualified Entities, both indistrict and out-of-district. After attending ODOT training, and with guidance from the Executive Leadership Team, staff put together detailed plans for the use of the STIF monies. The STIF Plan was approved by the STIF Advisory Committee on October 15, 2018, and by the Board on October 25, 2018, in Resolution No. 2018-09.

The District will need new appropriation authority from the Board to incorporate these funds and expenditures into the FY18-19 Adopted Budget. Essentially, this Supplemental Budget request will incorporate Year 1 of the three-year STIF Plan.

Oregon Budget Law, ORS 294.471, allows for the adjustment of fund expenditures equal to 10 percent or less of each fund to be adopted at a regularly scheduled meeting of the governing body. The budget committee is not required to be involved. Public notice that a supplemental budget will be considered at this meeting is required and such notice was published by the District. The following tables show the elements of the proposed supplemental budget, adding revenues and associated expenditures of the STIF Plan for the fiscal year ending June 30, 2019 (FY19).

REVENUES:

| Fund: | General | Capital Projects | Transportation Programs | Total |
|-------------------|-------------|------------------|----------------------------|-------------|
| STIF Formula | \$2,196,015 | \$ 228,484 | \$ 100,000 | \$2,524,499 |

| TOTAL | \$2,196,015 | \$ 228,484 | \$ 314,501 | \$2,739,000 |

EXPENDITURES:

| Fund: | General | Capital Projects | Transportation Programs | Total |
|-------------------------------|-------------|------------------|----------------------------|-------------|
| Operations | \$ 525,000 | \$ 220,000 | \$ 75,000 | \$ 820,000 |

| Expenditures* | 1,611,015 | 8,484 | 64,501 | 1,684,000 |
| TOTAL | \$2,196,015 | \$ 228,484 | \$ 314,501 | \$2,739,000 |

The *Reserve for Future Expenditures* line item cannot be appropriated per Oregon Budget Law, but is shown for the purpose of balancing the budget. If future conditions, plans, or unanticipated costs necessitate the use of these STIF reserve funds, staff will present a subsequent budget amendment for Board approval that will request appropriation by appropriate category.

FINANCIAL IMPACT

The proposed resolution will add a total of \$2,739,000 in resources to the FY2018-19 budget from the STIF program. Of these resources, \$1,055,000 will be appropriated in three funds and three organizational units as shown in the expenditures table above.

RECOMMENDATION

Staff recommends that the proposed supplemental budget be approved to amend the Adopted FY2018-19 budget for STIF plan resources and expenditures.

PROPOSED MOTION

I move that the Board adopt Resolution #2019-01 to amend the FY 2018-19 Budget that was adopted by Resolution #2018-06 on June 28, 2018; and authorize a supplemental budget totaling \$2,739,000 for funding to be received from the Statewide Transportation Improvement Fund (STIF). Of this amount, \$1,055,000 will be appropriated by expenditure and fund as detailed in this memo. The remaining \$1,684,000 constitutes STIF resources reserved for future expenditure.

RESOLUTION NO. 2019-01

A RESOLUTION ADOPTING A FISCAL YEAR 2018-19 BUDGET AMENDMENT INCREASING RESOURCES AND APPROPRIATIONS FOR SALEM AREA MASS TRANSIT DISTRICT

WHEREAS, the Salem Area Mass Transit District ("District") Board of Directors adopted Resolution No. 2018-06 to adopt the Fiscal Year 2019 Budget by major fund and category on June 26, 2018.

WHEREAS, ORS 294.471 permits the governing body of a municipal corporation to make one or more supplemental budgets during the fiscal year or budget period for which the original budget was adopted under certain circumstances to include ORS 294.471(c) that funds were made available by another unit of federal, state or local government and the availability of such funds could not have been ascertained at the time of the preparation of the budget for the current year.

WHEREAS, Resolution 2019-01 recognizes a new, dedicated funding source called the Statewide Transportation Improvement Fund (STIF) that was established with the passage of House Bill 2017. However, STIF regulations and details of the program implementation were not finalized at the time of the Board's adoption of the FY2018-19 budget.

WHEREAS, the Board determined that it is necessary to adopt an amended budget with the following additions of resources and appropriations:

NOW, THEREFORE, BE IT RESOLVED BY THE BOARD OF DIRECTORS OF SALEM AREA MASS TRANSIT DISTRICT;

THAT, the Board of Directors adopts Resolution 2019-01 to amend the Budget for FY2019; and

THAT, the amounts shown below are hereby appropriated, and shall become effective upon adoption of this Resolution:

ISSUE

Shall the Board enter into an agreement with Parker, Smith and Feek to provide broker services for the District's Healthcare Insurance?

BACKGROUND AND FINDINGS

The District contracts for broker services to provide benefits brokerage and consulting services. The broker provides the following services to the District:

- Analysis, recommendation, marketing, negotiation and placement of insurance as listed below.
- Assist with employee communications/strategies
- Compliance, communications and administrative support
- Review vendor contracts, evidence of insurance
- Act as liaison and advocate for the Agency in resolving vendor issues
- Support Open Enrollment activities
- Provide Periodic Aggregate Reports

Healthcare services include medical, dental, vision, basic life/accidental death and dismemberment/long term disability, voluntary life, employee assistance program and wellness.

The District received seven responses to the request for proposal. Three proposers were invited to an interview to present their proposals and respond to questions. Parker, Smith and Feek were selected as the proposer who most closely met the requirements of the request for proposal.

FINANCIAL IMPACT

The contract with the broker would be for two years with three one-year renewal options.

| Total | \$ 145,965 |
|-------------------------|---------------|
| Year 5 | \$ 30,244 |
| Year 4 | \$ 29,651 |
| Year 3 | \$ 29,070 |
| Base Contract Sub Total | \$ 57,000 |
| Year 2 | \$ 28,500 |
| Year 1 | \$ 28,500 |

Funding for Year 1 of this proposed contract's portion of cost (through June 2018) is included under the General Fund in the FY2018-19 Adopted Budget. Funding for the remaining cost of Year 1 and each subsequent contract year will be included in the Proposed Budget of each respective fiscal year.

RECOMMENDATION

Staff recommends that the Board authorize the General Manager to execute a contract with Parker, Smith and Feek to provide benefits brokerage and consulting services.

PROPOSED MOTION

I move that the Board authorize the General Manager to execute a two year contract with three one year renewal options with Parker, Smith and Feek to provide benefits brokerage and consulting services for a total cost of \$145,965

The 2nd quarter report of the FY 2018-2019 Cherriots Trip Choice Program.

CHERRIOTS TRIP CHOICE

2nd Quarter Report - FY 2018-2019

During the 2nd Quarter of FY 2018-2019, Cherriots Trip Choice continued its work utilizing the ODOT approved work plan which includes reporting based on four overarching goal categories; Awareness & Understanding, Safety, Expanded Markets and Congestion & Construction Mitigation. Under each goal we have a variety of projects and programs, however not all goal areas or all projects will be addressed every quarter.

AWARENESS AND UNDERSTANDING

Employer Outreach

Cherriots Trip Choice staff met with several employers this quarter to discuss the Employer Bus Pass Program and our other employer services.

• Amazon

Communicated with the regional TDM program coordinator and a Senior Transportation Planner. They will not be holding any hiring events until early summer, but we have been working with Amazon and Cherriots Planning staff to help determine bus stop location and turn around areas.

- Dalke Many employees could possibly use transportation options during high peak project seasons where there is limited parking. Will follow up early spring about vanpool and transit.
- Oregon Fruit Company Worksite moved from West Salem to South Salem, so CEO reached out to learn about offering employees commuter benefits. When presented to staff meeting, there was limited interest. CTC staff was ask to follow up in January to schedule a worksite presentation/event.
- Courthouse Fitness Lancaster location has limited parking and is exploring offering transit passes to employees and members.
- Manpower Currently enrolled into Cherriots' Employer Bus Pass Program and provides 20 employees with this benefit.

Community Outreach

Staff attended the following outreach events in the second quarter.

- Woodburn Safety Fair
- Just Walk Salem-Keizer "Owl Walk"
- Meyers Pumpkin Run
 - ✓ During these events we distributed Regional bicycle maps, Wander Walks maps, and 100 blinky lights to Meyers Elementary.

✓ We distributed 150 bike light sets in cooperation with the NW Hub

Wander Walks 5210 - Points of Health - Staff continues to work on the West Salem map along with the project partners. Additionally staff have had conversations with our IT department and several colleagues about the process of creating an on-line version. The cost estimates for building a web site for WanderWalks[™] are outside the regular budget for the program, so staff will be looking into additional funding options to create an innovative and interactive web presence for the maps.

Ride Salem – New Bike Share coming to Salem - The City of Salem recently approved an agreement to bring bike-sharing to Salem. Local non-profit, Osborne Adventures and Massachusetts based bike-sharing company, Zagster, have partnered with a number of local sponsors (including Cherriots Trip Choice) to allow Ride Salem to operate in Salem.

The plan calls for bike sharing stations at six locations to start, with about 30 bicycles shared between them. The six spots that have been identified for stations include, Salem's Riverfront Carousel, the Union Street Railroad Bridge, the Downtown Transit Center, Bush Park, near Willamette University, and the intersection of State and Commercial.

Cherriots Trip Choice, along with many other local partners, have provided financial support and will partner with Osborne Adventures and Zagster in marketing and promotions. Station construction is slated to start soon (pending weather delays) and once they are complete, we will announce the program launch.

Social Media

We posted 15 times on our Facebook page -- including videos highlighted events CTC attended and posts that promoted and encouraged using reflective gear while walking and biking. Another post featured the annual poster contest and this reached 764 people with 31 post engagements and 7 people shared this campaign.

Valley VanPool

Valley VanPool currently supports 48 vanpools that serve more than 400 commuters in the Willamette Valley. Staff will be meeting at the end of January with the Valley Vanpool partners, ODOT Active Transportation and SMART in Wilsonville to coordinate program marketing and considering expansion.

Student Poster Contest

We have selected the theme "World Car Free Day" for this year's contest and we have distributed the material to 19 middle and high school classrooms. The deadline for

entry is Feb 12. Once we have all the posters, we hold a judging and award the winners at school assemblies

The calendar with the 2018 poster images was completed and mailed out in December 2018.

DRIVE LESS CONNECT

The 2018 Drive Less Challenge

The Oregon Drive Less Challenge is an effort that calls on Oregonians to rethink their own trips – whether commuting to work or running errands, this challenge focuses on all the ways of getting around other than driving alone. This year's challenge took place from October 1 – 15. Below is the summary for our region.

There were 4,215 people who participated statewide and 795 of those participants were from our region. There were 1682 new participants who joined the Challenge, and 222 of those people were from our region.

Cherriots Trip Choice staff would not be as successful in running these kinds of challenges without the help of our Employee Transportation Coordinators (ETCs). This year six of the ETCs went the extra mile in their promotions and they were recognized at the December ETC meeting.

<u>SAFETY</u>

Bicycle Outreach and Education

Staff dropped off 100 Safety Lights to Meyers Elementary for the students to use in the mornings/evenings. This is done in conjunction with their Pumpkin Run.

Staff partnered with the Northwest Hub to distribute bicycle light sets to 150 community members.

Safe Crossing Programs

Staff has been participating on a Project Advisory Committee with the City of Salem to help develop a Safer Crossings Program. Once complete, the Safer Crossings Program will allow community members to formally identify pedestrian safety need, request projects to address those needs, and to easily see the criteria that are used to prioritize pedestrian safety projects and track project status.

The advisory committee has met three times and have evaluated similar programs in other regions, established ranking criteria /categories and performed a "dot" exercise related to criteria weight. The City of Salem staff are now using the weighting to begin testing the system they have developed.

EMERGENCY RIDE HOME

14 new people enrolled in the Emergency Ride Home program and 4 trips were utilized.

EXPANDED MARKETS

Refugee Groups and Limited English Proficiency Population

Working with our travel trainers we continue to attend meetings with Salem for Refugees which includes discussion about travel options. In the last three years, about 250 refugees have resettled in Salem, from all over the world. Working with organizations like Sparrow Furniture the refuges gain valuable work experience and attend English classes as well. While we do not have a formal program in place, we are available when the travel trainer feels the need to bring in additional expertise regarding offering transportation options beyond transit.

PROGRAM WORK

COOP Tabletop – The Trip Choice team participated in the Cherriots Continuity of Operations tabletop exercise which is the result of months of work creating a formal plan for the continuation of our program in the event of an emergency.

We tested a hypothetical situation of a natural disaster, and then evaluated our ability to cooperate and work together, as well as test our readiness to respond. It was a good exercise and the Trip Choice team feels ready in the event we need to jump into action.

Open Streets Salem – Salem Mayor Chuck Bennett recognized the dedicated work of the 2018 Open Streets Salem planning committee and awarded them with *The Distinguished Service Award*. This event is a free community event that closes to auto traffic and provides a safe atmosphere for neighbors to run, walk, roll, play, and interact with local businesses. The 1.6 mile OSS 2018 route went through Salem's Highland, Grant, and CANDO neighborhoods, along the Winter/Maple bikeway, and included four activity hubs such as the Saturday Market. CTC was a proud sponsor of the event and had staff on the planning committee as well.

ONGOING PARTICIPATION EXTERNAL

Part of our program success depends on our ongoing participation in community and industry groups where we can make valuable connections and learn best practices.

- Board member of the Association for Commuter Transportation (ACT)
- Board members of the Transportation Options Group of Oregon
- Education and Community Outreach Committee –Salem Bike Club
- Just Walk Salem-Keizer Steering Committee
- Open Streets Salem Steering Committee
- Quarterly ETC networking and training lunch
- Safe Routes To School Steering Committee
- Salem Committee for the Safer Crossings Program
- Salem for Refugees Transportation Action Committee
- Salem Pedestrian Safety Group
- Salem-Keizer Active Transportation Networking Group
- Statewide TDM and ToGo quarterly meetings
- Valley VanPool Partnership
- Willamette University Sustainability Networking group

ISSUE

Shall the Board receive the Second Quarter Finance Report for FY2018-19?

BACKGROUND AND FINDINGS

The Board adopts a Budget for the District on an annual basis. The Budget is a plan that contains District resources and requirements.

The quarterly Finance Report provides information about how that plan is being implemented and includes statements for the General Fund, Special Transportation Fund, and Capital Project Fund. The Finance Report also contains a statement of budget to actual on a non-GAAP basis that shows by fund the legal appropriations by category with actual amounts and variances.

In the *General Fund*, *Passenger Fares* are at 43% of total budget, under the 50% level that would be anticipated to be received. The District has received 100% of the projected *Property Taxes* by the end of the second quarter of the year. This is to be expected as most of the property taxes are received in November when tax payers take advantage of the discount offered to those who pay the tax at the first due date. Oregon State In-Lieu payments are 19% of total budget because only the first quarter's payment had been received by end of December. On a positive note, *Advertising* continues to perform above the budgeted level, at 83% of the annual budget.

The *Total Operating Expenditures* of the General Fund are slightly under budget at 48% of total annual budget. All divisions are at or below budget in their spending, ranging from 43% to 50% of the annual budget.

S:\District Share\BOD Agenda Items\BD2019-02-28\3 Final\02-28-19 J.3 MEMO FY19 Finance Q2.Docx 2/22/2019 11:18 AM

In the *Transportation Programs Fund*, total fund expenditures are at 52% of total annual budget. Two *Operations* programs, *Cherriots Lift* and *Cherriots Shop & Ride*, have expended more than half the annual budget at 54% and 62%, respectively. *Cherriots Lift Operations* is over budget due to an increased allocation of costs from the Call Center, which was not budgeted. *Cherriots Shop & Ride Operations* is over budget because contracted transportation costs have exceeded budget each month.

Conversely, in Transportation Development, Special Transportation Coordination has only expended 26% of its annual budget, due to the timing lag in reimbursing our subrecipients for their second quarter's program costs.

Revenues in the *Capital Project Fund* are 17% of annual budget because they lag expenditures until the District is reimbursed by the granting federal or state agency. In total, *Capital Project Fund* expenditures are 23% of the annual approved budget. The Keizer Transit Center Signalization project and several smaller projects have begun to incur costs in the next quarter of the year; however, there are other projects that have been delayed until next fiscal year. Some amount of underspending is projected for the Capital Project Fund at fiscal year-end.

FINANCIAL IMPACT

None. For informational purposes.

RECOMMENDATION

Staff recommends that the Board receive and file this Second Quarter Financial Report for FY2018-19.
